<b>Iron</b>	89.53 mg/kg
<b>Cobalt</b>	9.06 mg/kg
<b>Iodine</b>	0.23 mg/kg

This **Fatta Fasta** has been designed for ease of feeding your horses, including a toxin binder for horses living on high oxalate grasses. This helps with the prevention & may reduce the symptoms of big head, it also helps with itch. Just put the 600kg tub in the paddock and the horses eat as they need. Intake averages 1–2 per day per horse.

It has all the same additions as the cattle based products, just with different ratios to suit horses.

# TYPICAL ANALYSIS (as fed) OF ALL FATTA FASTA PRODUCTS

WEANER Intake 0.5kg - 1kg per day	
Protein	13.77 %
Energy	6.97 mj/kg
Calcium	25 g/kg
Phosphorus	10.3 g/kg
Magnesium	3.7 g/kg
Potassium	15.2 g/kg
Sulphur	7.4 g/kg
Copper	9.71 mg/kg
Zinc	108.76 mg/kg
Selenium	0.62 mg/kg
Manganese	88.55 mg/kg
Iron	98.16 mg/kg
Cobalt	9.71 mg/kg
Iodine	0.23 mg/kg

A great product for reducing stress & maintaining weight during the weaning process. A Proven mix of chelated vitamins & minerals for growing young stock.

FEEDER Intake 0.5kg - 1kg per day	
Protein	14.86 %
Energy	6.29 mj/kg
Calcium	25.7 g/kg
Phosphorus	10 g/kg
Magnesium	3.5 g/kg
Potassium	14.7 g/kg
Sulphur	11.6 g/kg
Copper	19.59 mg/kg
Zinc	106.54 mg/kg
Selenium	0.62 mg/kg
Manganese	81.42 mg/kg
Iron	89.88 mg/kg
Cobalt	9.278 mg/kg
Iodine	0.23 mg/kg

An excellent mix for younger stock grazing on mature or dry pastures. Stock will maintain weight gains to achieve a market weight faster.

ADULT Intake .5kg - .7kg per day	
Protein	15.40 %
Energy	5.29 mj/kg
Calcium	34.3 g/kg
Phosphorus	13.2 g/kg
Magnesium	3.7 g/kg
Potassium	14 g/kg
Sulphur	15.6 g/kg
Copper	18.82 mg/kg
Zinc	103.46 mg/kg
Selenium	0.62 mg/kg
Manganese	70.73 mg/kg
Iron	81.25 mg/kg
Cobalt	8.63 mg/kg
Iodine	0.23 mg/kg

A great phosphorous supplement for all classes of growing cattle. Whilst supplying over 6 grams of Phosphorous per day, it also provides high protein & a balanced blend of trace minerals to give maximum performance.

SUPPLEMENT Intake 0.3kg per day	
Protein	16.87 %
Energy	4.84 mj/kg
Calcium	34.6 g/kg
Phosphorus	12.9 g/kg
Magnesium	3.6 g/kg
Potassium	13.6 g/kg
Sulphur	19.8 g/kg
Copper	18.46 mg/kg
Zinc	101.99 mg/kg
Selenium	0.62 mg/kg
Manganese	65.98 mg/kg
Iron	75.67 mg/kg
Cobalt	8.34 mg/kg
Iodine	0.23 mg/kg

An ideal phosphorous supplement, delivering 4-5 grams per day. With high protein & a balanced blend of trace minerals to support the nutritional needs of your breeders. This supplement also changes the ruminal flora & nitrogen metabolism. In turn, it may **reduce methane emissions by around 30%**. It also has a natural antibiotic, antiviral, antiarthritic, antioxidant & inflammatory effect.

***FattaFasta*** is a unique blend of ***CattleKing Protein Meal*** and ***FattaFasta Premix*** which contains our specially designed chelated vitamins & minerals. It is designed to achieve maximum growth on mature & dry pastures, with higher natural protein & energy, along with a non-protein nitrogen. The blend of vitamins & minerals are highly digestible, to provide superior animal health, fertility & production.
